

ST. ANN SCHOOL

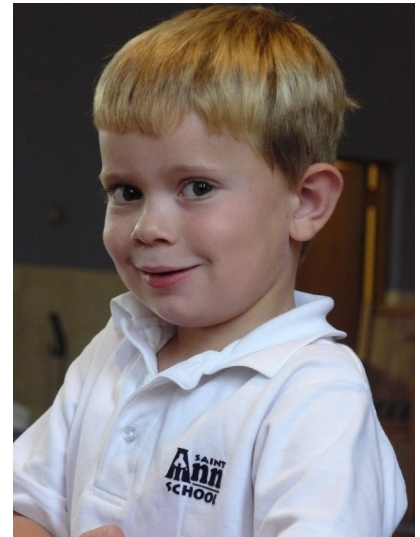

PRE-KINDERGARTEN AT A GLANCE

Program Overview

Introducing our youngest students to the world of school is a task we take very seriously. In Pre-Kindergarten, they are first of all made to feel safe and secure through age-appropriate routines, which give them a sense of predict-

ability. They participate in whole group, small group, and individual activities that engage them in, and excite them about, the world. Away from home, perhaps for the first time, they are encouraged to be responsible. Our Pre-K is a

unique collaboration between Christ the King School, St. Ann School, and St. Mary Child Development Center. The program provides involvement in a Catholic Christian community focused on education rich in Catholic tradition.

Our Philosophy and Beliefs

It is our goal to create self-motivated, lifelong learners, by providing a developmentally appropriate, Catholic pre-kindergarten curriculum that enhances the spiritual, social/emotional, intellectual, aesthetic, and physical development of each child.

We believe that children learn best when:

- ◆ the curriculum is faith-based
- ◆ they feel secure and successful
- ◆ the environment is discovery-oriented
- ◆ The teacher is sensitive to individual differences
- ◆ The curriculum is developmentally appropriate
- ◆ The environment is print-rich
- ◆ They work cooperatively to problem solve
